Caratterizzato da timbri acidi e graffianti ma allo stesso tempo caldi ed avvolgenti, accompagnato da groove Funk e Hip-Hop, l'Ep Dazzled Prince racconta la storia di un principe la cui vista viene accecata da un bagliore intenso, al risveglio da un sonno profondo. Delineata nel fulgore accecante vi è un'ombra, simbolo del proprio inconscio, la quale rappresenta angosce e dubbi più reconditi. L'ombra, specchio del proprio inconscio, diviene oggetto di confronto e riflessione personale attraverso cui al protagonista viene data l'opportunità di comprendere il senso di sé stesso ed il segreto della lotta come simbolo di impegno e successo.

L'EP, interamente registrato, mixato e masterizzato da **Filippo Bubbico** e co-prodotto insieme a Puka Shell's Bling, contiene quattro brani: Colosseum, O.G., Motif e Dazzle Prince (feat. Caio's Hub), che si rivelano essere come dei mantra che guideranno il principe nella sua ricerca interiore.

Puka Shell's Bling è una band R&B italiana nata a Lecce nel 2018, composta da **Lauryyn** (voce, cori), **Emanuele Naima** (chitarra, synth), **Anoir Ben Hadj Amara** (basso). Per la registrazione dei brani contenuti

## TESTI

### COLOSSEUM

Blessing my tears,  
they're not wasted in vain  
and i, do i, forgive myself  
For hatin' my mind

Bring me back to my kingdom

Same old mistakes led us this way  
I ve put myself in a dark room again  
I learnt to trust myself , it's never too late  
And i think i'm gonna use my weapons in the right way  
A long step away

Bring me back to my kingdom

Pack yo thing n run  
On the way of no return  
Pack yo things n run  
On the way of no return  
Bring me back to my kingdom

**O.G.**

Behind the curtain you don't see  
Fighting my troubles through OG  
Thinking this is what I need  
Thinking this is what I need

And you  
Made me believe in all your shit  
My heart's on fire, your eyes can't see  
Baby i've been thinkin' that's not what i need  
Baby i've been thinkin' that's not what we need

Just sit and listen to me baby  
It's time to let it go you know that  
It's time to let it go you know  
Just sit and listen to me baby  
It's time to let it go you know that  
It's time to let it go

I might be nervous you know me  
Sometimes it's hard to believe  
Things that hurt can set you free x2

And you  
Made me believe in all your shit  
My heart's on fire, your eyes can't see  
Baby I've been thinkin' that's not what i need  
Baby I've been thinkin' that's not what we need

Just sit and listen to me babe  
It's time to let it go, you know that  
It's time to let it go, you know  
Just sit and listen to me babe  
It's time to let it go, you know that  
It's time to let it go

### **MOTIF**

When I hear this motive I go crazy boy  
like the smell of fresh air on a sunday morn'  
Feeling like my worries are about to fall.  
when I'm walkin with my team it's only love

I am sittin' on my bed and my mind, yeah, is such a mess  
i could go out, but my problems won't change, they'll still be there  
I know, but I still pretend  
What kind of a day will i go through  
Better to go out, where the hell are my shoes  
Why do I feel trapped by my own thoughts?  
But suddenly I have just turned the radio on

I am sick of these things, so tired of being stuck in my dreams  
I could hold on, but my problems won't change, they'll still be there  
I know, but I still pretend

So what cheers you up?  
Just giving up?  
Are you serious?  
Put head on shoulders!

### **DAZZLED PRINCE**

Such a blinding light  
I woke up too late  
A weird looking man  
is standing over me

I tried to deny it  
But he looked like me

He seemed tired of life  
My own enemy

See how stars can shine  
even though they're sad  
I know, it's hard sometimes  
but you can  
We were made  
to falter and fall again  
You dazzled prince should not  
Blame yourself

Eagles in my mind  
looking for my past  
Suddenly delight  
The man appeared again

See how stars can shine  
even though they're sad  
I know, it's hard sometimes  
but you can  
We were made  
to falter and fall again  
You dazzled prince should not
